4	Bill Riley Chair, Vashon Maury Island Groundwater Protection Committee	6927 SW Maury Park Rd. Vashon WA 98070	<a href="mailto:wmriley@hotmail.com">wmriley@hotmail.com</a>	206-595-3643	Party of Record
5	Brian Lenihan	11135 - 107th Ave SW Vashon, WA 98070	<a href="mailto:brian.lenihan@gmail.com">brian.lenihan@gmail.com</a>	206-999-3932	approved use in the Vashon Town Plan. The K2 building has been sitting fallow for far too many years. This is a great opportunity to add jobs, attract investment revenue, and to increase the tax base. Our State legalized marijuana and our Island voted 78% in favor of it. I would like the Town Plan to reflect this reality as the King County Council intended when it passed the comprehensive marijuana zoning rules.
6	CC Stone	9232 SW Harbor Drive, Vashon, WA 98070	<a href="mailto:greenhillgirl@gmail.com">greenhillgirl@gmail.com</a>	206-408-7286	Agrees to K2 purchase. Thanks so much for coming out to Vashon on Wednesday and hosting an informative evening for community discussion about changing the Vashon Town Plan. I wanted to weigh in on the following: 1) I fully support Bakkos Holding's attempt to open a marijuana growing and manufacturing operation in the former K2 building on Vashon Highway. Or HIGH-way. :-) and I think King County should amend the Vashon Town Plan to allow this type of business in this area. 2) I fully support SBD (Seattle's Best Distillery) and think King County should "call off the dogs" regarding any enforcement actions pertaining to zoning problems associated with a flawed and out-of-date town plan. King County gave these folks permits, and it seems only fair to allow them to operate - without the threat of closure or continued legal expense hanging over their heads - until this issue has been completely resolved. 3) I am not concerned about possible contamination on the K2 property. People who worked at K2 and live on Vashon have had 10 years to come forward with their concerns about groundwater contamination - and God knows we've got an island full of people who would do this in a heartbeat IF it were true. If Bakkos is willing to purchase the property with the current environmental report, they should be allowed - and encouraged - to do so.

Comments to Vashon Comprehensive Plan Amendments

8	Don Pawlek		<a href="mailto:dpawlek@gmail.com">dpawlek@gmail.com</a>		It would be a shame if the only thing people will or would associate with Vashon is the Marijuana "industry". Vashon is somewhat of a throwback to a simpler time, one that has avoided issues such as these. It is also a shame that many people who appear in favor of the revised amendment are doing so to protect their own interests as they are now out of compliance with the plan as exists. I'm not sure that they are really in favor of such an industry but are seizing the opportunity for other self serving reasons. It does seem appropriate, since Vashon is an island which should have some control over it's own future, that they be given time to finish it's plan to see what it's priorities will be. As a resident of the island for some time now, realizing that island time is a little different from city time, fast tracking the approval of a town plan change, especially for off islanders, does not seem appropriate.
9	Dorothy (Deb) Phillimore	10530 SW Cowan Rd Vashon, WA 98070	<a href="mailto:mrsdammann@mac.com">mrsdammann@mac.com</a>	206-919-3547	I'm writing to support paving the way for Edi-Pure purchase of the K-2 building, but I have three requests for the County Council's consideration. They are: 1. To ensure that the Island aquifer is neither over used nor contaminated 2. To encourage Epicure to mitigate its power consumption with a large scale solar installation. 3. To reconvene the Town or Island Plan work with defined goals including what activities should be barred from the town core. Recently 4 acres of woodland were clear cut within view of the town core under a DNR permit. There should be communication between County and State when landowners plan for activities that impact the town.
10	Dr. T.A. Goral		<a href="mailto:tag3dvm@mac.com">tag3dvm@mac.com</a>		I support the proposed amendment to the Vashon Town Plan that would allow the former K2 building, and other Vashon locations, be used for the marijuana business. I do this as a former Vashon Town Plan Committee member.

Comments to Vashon Comprehensive Plan Amendments

11	Elizabeth Shepard	21004 Vashon Hwy SW, Vashon, WA 98070	<a href="mailto:liz@nwfilmforum.org">liz@nwfilmforum.org</a>	206-963-7496	It has come to my attention at a town meeting last night that the part of Vashon's town plan that applies to businesses in the Center section of our town is flawed, hopelessly out of date and should not be considered as reason to keep Epicure from doing business here or enforce code on existing businesses, including Vashon Roasterie and Vashon Distillery. The case of Vashon Distillery — a recently opened business owned by established islanders who painstakingly worked through the permit process with King County — is particularly disturbing. They are now being investigated for a code violation because islanders who oppose Edipure called the town plan to King County's attention. This seems horrendously unfair, not to mention Kafkaesque. This is not the way I have come to count on King County do support small businesses on Vashon. Vashon needs to go back to the drawing board and rework the part of the town plan that governs Center. But that is a long process. In the meantime, the plan should not be considered as a means to either harass established businesses nor prevent Edipure from buying a building. Please know that I and many other islanders are excited about Edipure's plans to bring jobs to Vashon and economic vitality to our small island. A small but vocal group of critics — most of whom simply oppose marijuana being produced on the island or who have some other interest in owning and operating the K2 building — shouldn't be able to scuttle these plans because of a flawed and poorly enforced Town Plan.

26	John E. Casperson	11819 SW Cove Road Vashon, WA 98070	<a href="mailto:Jcasperson@hwb-law.com">Jcasperson@hwb-law.com</a>	206.463.5035	<p>While I'm a lawyer I don't profess to know much about the King County Code. I'm hoping you can help me get up to speed. I found the Vashon Town Plan on-line. I understand that the Plan will need to be amended before a conditional use permit can be granted. Is that true? It's 99 pages long, so can you tell me what part of the Plan needs to be changed without my having to read it all?</p> <p>It looks like the Vashon Town Plan is part of the King County Comprehensive Plan. Is that correct? If so, I have looked at the County web site and reviewed the requirements for amendments. Is that process being followed here? I've been told that the County Executive can do this on his own in a very short time, is that what is being proposed now? If so, what are the steps that he must take before the change becomes effective, and what's the authority in the Code for that action? Can you tell me of any others that have been done by the Executive in the last 5 years? Has the law department prepared a review of the Executive's authority to follow such a course of action either for this change or for others that have occurred in the past? If so, I'd like a copy. If there is someone in the law department who can answer these questions I'd appreciate their name and contact information.</p> <p>On the merits, have there been any studies on the social, environmental, or economic impact of a marijuana-growing and distilling (if that's the right word) operation on the community? Are there any in the works? I assume the people who are proposing to do this business will be vetted by the Liquor Control Board to keep unsavory characters out of the business, has that taken place yet?</p>

Comments to Vashon Comprehensive Plan Amendments

27	John Sage	PO Box 2541, Vashon, WA 98070	<a href="mailto:jsage@finchhaven.com">jsage@finchhaven.com</a>	206-595-3604	widely in the community in private) at the King County-sponsored meeting regarding the Edi-pure plan to produce and process recreational marijuana at the former K2 site on Vashon Island that, to quote: "The [Seattle Distilling Company] distillery got a call from the county threatening to shut us down for non-compliance with the town plan." Apparently other small businesses in the vicinity have been harassed in the same manner. If true, this is an unconscionable, politically-motivated harassment of very popular, locally-owned small businesses that are owned and run by Vashon Island families, some of whom are multi-generational Vashon Islanders, and all of who employ Vashon Island residents. If King County is sinking to this depth of political harassment against these small businesses, it only lays bare the magnitude of the political capital being laid down by out-of-state corporate interests in supporting Edi-pure's interests, and it is repulsive in the extreme. These local businesses are very, very popular on Vashon Island. The out-of-state corporation behind Edi-pure is not. If this sort of politically-motivated harassment continues, it will go very, very poorly for any and all politicians who have their fingerprints on this injustice. As a 34-year resident of Vashon Island, and as 15-year King County employee who worked in the Building Services center at DDES (and previously at
28	Karen Barich	1039 Palisades Avenue SW, Vashon, WA 98070	<a href="mailto:karyatid63@hotmail.com">karyatid63@hotmail.com</a>		Opposed to the proposed amendments to the Vashon Town Plan. I believe that allowing growing of Marijuana and production of Marijuana products on such a large scale, in such a visible location, so close to schools and town will have a permanent and negative impact upon our small community and send a confusing message to our children. Our students have one of the highest recreational drug use numbers in the state. Couple this with the fact that we have limited police presence on Vashon Island. How will King County be able to keep us safe if this legitimate business brings with it illegal activity? Unable to attend the February 19 meeting.
29	Kevin Joyce		<a href="mailto:kevin@en-joyproductions.com">kevin@en-joyproductions.com</a>	206-818-8136	I want to recommend that the Department consider moving the Vashon meeting on Wednesday, February 19 to the gymnasium at McMurray Middle school, as I anticipate more than 200 people coming. Just a recommendation, and a heads up about the level of involvement you can likely expect.

Comments to Vashon Comprehensive Plan Amendments

30	Kevin Silis		ksilis@badermartin.com		Agree to support Recreational Marihuana growing on the island and believe K2 is a great place to do this.
31	Kimberly Benner		<a href="mailto:thefamilybenner@hotmail.com">thefamilybenner@hotmail.com</a>		My name is Kimberly Benner. I live on Vashon. I want to bring to your attention that the date for the meeting being held on Vashon Wednesday Feb. 19th to discuss the changes to the Vashon Town Plan is being held during our winter break when many residents of Vashon will be gone on vacation. I am concerned that residence of Vashon who would like to be at the meeting will be gone. Is there any chance you can change the date of the meeting so that all who want to attend can.
32	Kristen Elliott Gunn	9534 SW Harbor Drive, Vashon, WA 98070	<a href="mailto:kristenelliott@hotmail.com">kristenelliott@hotmail.com</a>	206-529-4119	<p>What is the big rush on Vashon? The speed at which your office is fast-laning the conversion of the Vashon Town Plan to suit the needs of an out of state company (yes, I know there is a convenient Bainbridge Isl. address listed as a residence for the owners of Edipure) makes your office seem suspect. One week The Beachcomber states that it would probably be a year before the King County Council looks at the issue of the Vashon Town Plan and its conflicts with industrial production at the site of the former K2, and the next week the paper says the Town Plan could be modified by a King County Executive Order as soon as March. It makes it look like Edipure has a lot of suspect power with your office.</p> <p>My biggest concern is the paltry law enforcement King County allots to our island. Yet King County is falling over backwards to help a company manufacturing a product that is illegal in 48 U.S. states. Whether legal in WA and CO, serious crime goes hand in hand with marijuana production. We don't need to add this violence-generating industry to our island that is insufficiently policed as it is. Will Edipure be providing armed security to guard its product? Or is ferry-transit as our lone way off Vashon going to be touted as all the security Edipure requires for their product? Will criminals think twice before stealing marijuana valued at \$8,400/lb., and illegal everywhere but here in and CO!, as they will have to take a WSF ferry to flee with the marijuana.</p> <p>Slow down. As a King County resident I would ask that your office never modify the Vashon Town Plan and never allow large-scale marijuana production at the former K2 site. At a minimum, listen to Vashon residents and our concerns. Don't let Edipure brandish the threat of locating in Snohomish County and sharing its largesse of jobs and tax dollars with another county. Pay attention to your own constituents.</p>
33	Laura L. Neebling		<a href="mailto:LNeebling@perkinscoie.com">LNeebling@perkinscoie.com</a>	206.359.8584	marijuana and marijuana products in the CB District, which includes the K2 Building

36	Leila Khatapoush	10504 SW 216th Street Vashon, WA 98070	<a href="mailto:leila.khatapoush@gmail.com">leila.khatapoush@gmail.com</a>		I am a resident of Vashon Island and want to voice my opinion on the matter of incorporating legal marijuana businesses in to our existing zoning laws and ordinances. I am wholeheartedly supportive of revising any laws to incorporate this industry which was legalized by the constituents of King County and Washington State as a whole. Furthermore, where Vashon is concerned, this industry has operated in the shadows for decades and we now have the opportunity to embrace this trade with integrity and regulation so that many may prosper. It seems to me it is the logical execution of the will of the people. Thank you for your service to our community.
37	Leonard Brown Jr. President, the brown bag	17205 vashon Hwy SW #A1 Vashon, WA 98070	<a href="mailto:bill@safesecuremoney.com">bill@safesecuremoney.com</a>		I support the proposed zoning change to add legal marijuana as an approved use in the town plan. The K2 building has been fallow for far too many years and Vashon Island and King County can both use the increase in jobs, investment revenue and tax base. Our state legalized marijuana and our island voted 78% in favor of it. Legal marijuana should no longer be seen as a pariah and I wish the town plan to reflect this reality as the King County Council intended when it passed the comprehensive marijuana zoning rules.
38	Leslie Brown		<a href="mailto:jimandleslie@centurytel.net">jimandleslie@centurytel.net</a>		The ordinance that appears to govern Vashon's Town Plan, Ordinance No. 12824, says, "The Vashon Town Plan Area Zoning ... is adopted as the official zoning control for that portion of unincorporated King County defined herein." So it seems to me that a change in the town plan is a zoning change. Is that right? If not, why not? Also, I read K.C.C. 20.20.020, and it says that type 4 decisions "are quasi-judicial decisions made by the council based on a record established by the hearing examiner." What record has been established in this instance by a hearing examiner? And again, in the chart on page 28 it says that this process requires a "hearing and recommendation by hearing examiner" –or it appears to say that (it's hard to untangle the syntax). Finally, the footnote you reference says that "approvals consistent with Comprehensive Plan" may be considered by the Council. Has the Comp Plan been changed? If so, when did that happen? Finally, I see that there are several exemptions made for Redmond Ridge. Can you explain the basis for those exemptions? I attended the meeting held by Bakkhos tonight. I don't believe anyone was there from King County. It was a deeply troubling meeting because of the many important questions Dan Anglin was unable to answer – questions about lighting, security, energy use, and the role of the owners in this process.

41	Lu-Ann Branch		<a href="mailto:onecoolwoman@gmail.com">onecoolwoman@gmail.com</a>	(206) 295-6174	<p>I'd like to register support for the proposed amendment to the Vashon Town Plan that would allow marijuana businesses at the K2 building and other locations around Vashon. I whole heartedly support this use to create local jobs, and a boost to local businesses. I have two teenagers, a 19 year old daughter, who commutes from our home on the island to Tacoma Community College, and a 16 year old son, who is a student at Vashon Island High School. I am not worried about their exposure to the marijuana industry, any more than I am worried about them being exposed to the alcohol industry (in the form of distilleries on the island). We model appropriate behavior in our home and are steadfast that it is illegal, and against our family rules, for them to use or purchase until they turn 21. I am active in our community as a Vashon Park District commissioner (currently serving as Chair), president of the Vashon Island Unitarian Fellowship, the Race Director for our local summer triathlon on the island, as well as a professional triathlon coach and personal trainer. I look forward to this amendment moving forward!</p>

Comments to Vashon Comprehensive Plan Amendments

42	Maria Glanz	9805 SW 188th Street, Vashon, WA 98070	<a href="mailto:glanz.judd@gmail.com">glanz.judd@gmail.com</a>	206-408-7555	<p>Opposed. I am a resident of Vashon, and the parent of a 9 year old son who attends Chautauqua Elementary. I have been following the news of Edi-pure's / Bakkhos LLC purchase of the old K2 property carefully, but was unable to attend the town meeting last night. I was at first confused, and then dismayed, to read that much loved and long-established Island businesses have been hit with a wave of difficulty around compliance or non-compliance with the Vashon Town Plan. It seems extraordinary that Minglement / The Roasterie and Seattle Distilling Company could be in danger of non-compliance - I know that SDC in particular opened in absolute good faith after seeking County approval. That they are now being threatened with non-compliance, right when Edi-pure seeks to open an operation at K2, seems very odd.</p> <p>I respectfully request that the County take two actions:</p> <ol style="list-style-type: none"> <li>1. Halt all code enforcement action in Vashon pending a review and reformulation of the Town Plan;</li> <li>2. Review and reformulate the Town Plan with the input of the people of Vashon - do not leap ahead and rubber stamp it acceptable for Edi-pure to purchase K2 and set up operations.</li> </ol> <p>As I said above, I am a parent. I am not opposed to marijuana operations, at all - in another area of Vashon I would conceivably welcome Edi-Pure and Bakkhos. I can see how they would bring needed jobs to the island, perhaps - but - What I am deeply opposed to is any business, located at Center and close to schools, that requires the extensive security demands of an industrial-sized grow operation. This isn't the little family-run SDC operation, one run by Island families. It isn't the Roasterie, roasting teeny batches of coffee. This is an out-of-state corporation setting up a major business that will require 24 hour surveillance, possibly armed guards, 24 hour security lights, and more, manufacturing a HUGE amount of controlled substances. It is a world away from little SDC and the Roasterie. It would dramatically change this corner of my home - and it is not fair to do this without careful review and discussion. It's not fair to do until we know there is not environmental clean-up required. And it's not fair to suddenly penalize established small businesses, run by local families, because a big corporate bully is attempting to get its own way without proper review.</p> <p>I hope and trust that you will listen to those of us who live here.</p>
43	Martha Ormseth		<a href="mailto:marthaormseth@centurytel.net">marthaormseth@centurytel.net</a>		<p>February 19th is not a good date for the meeting regarding the potential marijuana operation at the K2 site, here on Vashon Island. Our schools are on break that week, and many people will be gone on vacations. If you want to get information to the people who are concerned about this, it would be best to postpone the meeting to the following week. I left a phone message about this as well.</p>

Comments to Vashon Comprehensive Plan Amendments

45	Mary Ann Beardsley		<a href="mailto:mabeardsley1@gmail.com">mabeardsley1@gmail.com</a>		I was not able to attend the meeting last week on Vashon regarding the use of the K2 building. I want you to know that I am opposed to a marijuana growing and processing facility on our main thoroughfare here on Vashon. I have two teenage boys and am concerned about the message that this facility sends to them and other young members of our community about the use of marijuana. It is not a healthy habit and life choice. The "Pot Candy" product is not something that I want easily available to anyone. It minimizes the effect of marijuana on the brain and looks easily enticing to children. My children are learning to drive. Now not only do we need to worry about drunk drivers on the road, texting and distracted drivers on the road, we need to also worry about <u>more</u> people driving under the influence of marijuana which will create a greater safety hazard for our community. Having a marijuana facility on the main road close to our schools and town center advertises the wrong message to our Vashon youth. As an involved member of this community, I am deeply opposed to having a marijuana facility in our front yard.
46	Mary Belshaw	P.O.Box 178 Vashon, WA 98070	<a href="mailto:m.belshaw@yahoo.com">m.belshaw@yahoo.com</a>		Please give Vashon residents time to consider any changes to our Vashon town plan. Months were given to creating the plan with vital input from the residents who live here and it became law. Please push the pause button so that residents can discuss and evaluate any possible changes.

52	Nancy Kappelman		<a href="mailto:mpkapp@comcast.net">mpkapp@comcast.net</a>		Is it possible to change the date for the meeting on Vashon regarding the marijuana operation on Vashon? I will be out of town and would love to attend.
53	Rebecca White		<a href="mailto:rebeccaw@lorw.us">rebeccaw@lorw.us</a>		Agrees to Edipure. I am a resident of Vashon (for 14+ years) and strongly support Edipure using the old k2 building. I hopeful it would be done with concessions to security, esthetic, and environmental concerns, but the town plan should NOT be used as a reason to block Edipure. By that reasoning a number if existing businesses would have problems. The residents of Vashon can be more than a little precious, and fear the thought of having to drive by an ugly chain link barbed wire fence. Some of the pot head parents fear the factory may make them so some active parenting and/or soul searching as to how they parent. It can't go without noticing Vashon has celebrated wine and vodka openings while teens die at an alarming rate from alcohol related causes on Vashon. I didn't vote for the legalization of pot, but it passed and is now legal. And Vashon really needs the company. And really doesn't need an empty factory slowly falling apart from dis-use. Many small businesses need this to happen on the island.
54	Remony Henry	18606 Beall Rd. SW, Vashon, WA 98070	<a href="mailto:rmtr@fix.net">rmtr@fix.net</a>		<p>Opposed to the proposed amendments to the Vashon Town Plan. I believe that allowing growing of Marijuana and production of Marijuana products on such a large scale, in such a visible location, so close to schools and town will have a permanent and negative impact upon our small community and send a confusing message to our children.</p> <p>Our island is known for its love of the Arts, small organic farms, good schools, rural beauty, great biking and a cohesive community spirit. If these amendments are allowed we may very well become known as Marijuana capital of Puget Sound. I do not wish to raise my children, nor live in such a community. 55	Renee Marceau		<a href="mailto:renee@reneemarceau.com">renee@reneemarceau.com</a>		Change the date of the February 19 meeting about modifying our town plan to accommodate marijuana production in our Commercial Business district. Our community spent hours putting a lot of thought and intention into our town plan and to change it so quickly and dramatically is not respectfully considering our community's input. In addition the current meeting date is in the middle of our school Mid-winter break. Many folks are out of town including our family and cannot voice opinions in person or hear your perspective about this change.

Comments to Vashon Comprehensive Plan Amendments

56	Robert Henry	18606 Beall Rd. SW, Vashon, WA 98070	<a href="mailto:rhenry@swensonsayfaget.com">rhenry@swensonsayfaget.com</a>		Opposed to the proposed amendments to the Vashon Town Plan that would allow marijuana growing, processing and retail at properties zoned Community Business, and growing and processing at those zoned Industrial . I believe that allowing growing of Marijuana and production of Marijuana products on such a large scale, in such a visible location, so close to schools and town will have a permanent and negative impact upon our small community. Furthermore this will send a confusing message to the children of Vashon Island. Vashon island is known for its love of the Arts, small organic farms, good schools, rural beauty, great biking and a cohesive community spirit. If these amendments are allowed the character of the island would be changed . I do not wish to raise my children, nor live in a community that is willing to compromise this long-standing spirit for relatively short term economic gains. Vashon resident. Unable to attend the February 19 meeting.
57	Rodney Harrison	20232 77th PI SW Va	<a href="mailto:rodneyharrison@me.com">rodneyharrison@me.com</a>		I wanted to write you in support of EdiPure's plans for the old K2 factory on Vashon. The building has been sitting vacant for many years and it would be a great opportunity for reuse. Many people I have spoken to support the project and see the new law passed that legalizes marijuana as a progressive opportunity for new commerce and jobs.
58	Scott Healey	15627 - 115th Ave SW, Vashon, WA 98070	<a href="mailto:scotthealey@gmail.com">scotthealey@gmail.com</a>		<p>I am unable to attend the public meeting on Vashon on February 19th but wanted to express my strong opposition to the proposed amendments to the Vashon Town Plan which would allow the growing of marijuana and production of marijuana products on such a large scale on our Island.</p> <p>The proposed sale of the old K2 building to a marijuana growing and processing facility is of great concern to me; the building is in close proximity to the Vashon schools, the Vashon town center, and the main highway. The youth on Vashon have already been identified as a group with above average drug use and passing amendments to allow such a large scale marijuana growing and production facility on the Island would not help our Island youth.</p> <p>My wife was born and raised on Vashon and we have returned to raise our family here. We chose to raise our family on Vashon because of the excellent schools, the opportunity for involvement in arts and athletics, the public outdoor spaces for hiking and beachcombing, and the strong sense of community. If the proposed amendments are allowed to pass the Island could take a serious turn for the worse. I hope the County will listen closely to the concern of Islanders and think long and hard on the impact the changes could have on our small Island.</p>

Comments to Vashon Comprehensive Plan Amendments

60	Stefanie Lucas	10415 SW 216th Street, Vashon, WA 98070	<a href="mailto:stefanielucus@comcast.net">stefanielucus@comcast.net</a>	206-463-4407	Opposed. I have lived on Vashon for 15 years and currently have two grade school children. I am against the Vashon Town Plan Amendments that propose adding recreational marijuana growing to our current Current Business and Industrial zones. The old K2 complex that would potentially house a marijuana growing facility is right on our main road in between town and the schools. This is not something I wish to drive by on a daily basis with my children. Our small community already deals with a continuing drug problem among teenagers. I am including a quote from Michael Soltman, our School District Superintendent, from an article regarding substance abuse among school age children on Vashon as well as the link to the article. "I think we have a really difficult drug problem here in our community," Soltman said. "Having a focused resource that provides both intervention and prevention services has been missing in terms of us being able to deal with this problem.
61	Stephanie Blomgren		<a href="mailto:steph.j.b@gmail.com">steph.j.b@gmail.com</a>	206-778-7367	COMMENTS IN ATTACHMENT
62	Stephen Bogan		<a href="mailto:imperfecthealer@netscape.com">imperfecthealer@netscape.com</a>	206-463-3050	Opposed to the K-2 building and wanted express my concerns. I am a therapist in private practice, and my office on Vashon is within 1,000 ft. of the K-2 building (Courthouse Square North Building )I work with youth and adults, and specialize in addiction and mental health counseling. I see many youth who walk from McMurray and the High School right past the K-2 building. I strongly object to the K-2 building being used for growing marijuana, in such a public, open place, where youth wait for buses and walk along the highway. Unable to attend the February 19 meeting.
63	Steve Brown	5213 SW Point Robinson Rd. Vashon, WA 98070	<a href="mailto:brownfoxes@me.com">brownfoxes@me.com</a>		Agrees to the change. I'm holed up in Virginia Mason for the couple of days so can't be at the meeting tomorrow night. In case numbers/comments matter at this point, please count me and my wife, Sally Fox, as strongly in favor of the change, enabling a marijuana operation to take place there. We're relative newcomers, having moved to the island from Seattle after I retired from Emergency Management just eight years ago. Even so, we are definitely not of the "now that we're there, we don't want anything to change" contingent, whose voices seem to be loud and strident. And we aren't in the NIMBY school either. Funny how many of those two groups have been silent about the island's vineyards, winery's, breweries and distilleries, yet can't get past what seems to me the current day version of Randolph Hearst's "Refer Madness". So cast our votes, if there is one, in favor. How long ago were we in meetings about KC dispute resolution? Maybe this is an opportunity for an intervention. Glad to see you're the point person! Wish I could be there tomorrow.

Comments to Vashon Comprehensive Plan Amendments

65	Suzanne Lloyd-Gornall		<a href="mailto:suzannelg@comcast.net">suzannelg@comcast.net</a>		I am a resident of Vashon Island. I want to go on record as OPPOSING proposed amendments to the zoning conditions attached to the Community Business and Industrial zones in the Town of Vashon. Washington State and King County continue to work to implement the legalization of marijuana. The residents of Vashon should have time to review the Vashon Town Plan. Future legislation/regulation could adversely affect our community if we are forced to accept county amendments at this time.

67	Thomas F. Bangasser	20704 Vashon Hwy SW Vashon Island, WA 98070	<a href="mailto:tfb@bangasser.com">tfb@bangasser.com</a>		I was unable to attend the Wednesday, February 19, 2014 Public Meeting. Since under the Washington State Growth Management Act (RCW 36.70A) you are the designated DPER Contact Person on this matter, please officially register me in opposition to the "Proposed Amendments to the P-suffix conditions attached to the CB and I zones identified in the Vashon Town Plan (2012 King County Comprehensive Plan) adding marijuana uses as allowed uses". I would like to retain all rights necessary to challenge these amendments when and if approved. Please inform me of all meetings that these matters will be discussed or voted upon. Also, under provisions of the Washington State Public Records Act (RCW 42.56) please expeditiously forward to me copies of each public document that was used by each individual King County Council member as used to support his/her decision to either review or approve these amendments. Specifically I desire to know the what, who, when and from whom these documents were received. This would be applicable to both the executive and legislative branches of King County. Time is of the essence. If you have any questions or request clarification, please email me immediately.
